

SEE[®] Brand Flat Bottom Bag

A rigid and robust structure that carries more product volume.

SEE® Brand Flat Bottom Bag

A rigid and robust structure that carries more product volume.

BENEFITS

The SEE Brand Flat Bottom Bag is designed with convenience and functionality in mind, making it an ideal choice for various industries. With quad-seals, side-gussets, and a flat bottom, this bag provides unparalleled rigidity and ample filling volume. Not only is it visually appealing on the shelf, but it also has the capacity to hold a substantial amount of product, both in terms of weight and volume. Our commitment to using only the highest quality materials ensures extended shelf life and freshness for the bag's contents. Additionally, by incorporating a zip into the flat bottom design, we offer a convenient multi-serve product option that preserves product integrity. Choose our flat bottom bag for a visually appealing, rigid, and robust packaging solution that maximizes product volume.

- Choose from a variety of closure types to ensure freshness of products: press to close, velcro zipper and top slider.
- Robust bottom gusset ensures product rigidity and stability when stacked.
- Manufactured using food grade materials in a BRC accredited production facility.
- Large surface area for branding with two extra side gussets and a quad seal structure for maximum shelf impact and brand awareness.

MATERIALS

- Mono or multi-layer laminates using materials such as OPP / CPP / PET / PE / PP / NY / ALU / MetPET.
- Sizes ranging from 250g to 7kg.
- Available in a matt, gloss, kraft, paper feel, de-metalized, unprinted and registered matt finish.
- Offer oxygen, moisture, light, aroma and puncture barriers to protect your products integrity.
- Heat sealable and suitable for hot and cold filling.
- Flexographic and gravure print up to 9 colours from 15,000 units.
